	<i>Victoria Ruzsala, Teacher Practitioner Pharmacist, North Bristol NHS Trust & Bath University and Sally James, Diabetes and Divisional Pharmacist for Medicine, Royal Liverpool and Broadgreen University Hospitals NHS Trust</i>	
	The aim of this session is to provide attendees with the skills and information to enable them to provide pharmaceutical care and support to patients with diabetes on insulin therapy and help your organisation fulfil the recommendations from the National Patient Safety Agency relating to insulin.	
	12.30 Lunch and Departure	

All our Symposia work sessions have specific learning outcomes which will enable you to see how your practice will benefit from your attendance. We have also mapped these learning outcomes to the GLF and ACLF so that you can easily identify the level that the work session is aimed at, and the professional development benefits you can achieve. Attending these work sessions will give you the opportunity to apply the knowledge learnt in order to achieve the competencies outlined in the ACLF. Don't forget that you can enter your attendance work session into your CPD portfolio.

Key to delivery level for work sessions, based on the GLF and ACLF:

G = General Level
1 = Advanced level (Foundation)

2 = Advanced level (Excellence)
3 = Advanced level (Mastery)

<p>Hotel details: For details about the hotel, location and facilities, please visit: http://www.barcelo-hotels.co.uk/hotels/central-england/barcelo-hinckley-island-hotel-leicestershire</p> <p>Travel If you wish to plan your travel route direct, the following websites offer very accurate guidance: www.rac.co.uk www.theaa.com http://maps.google.co.uk/</p> <p>The hotel has ample car parking.</p> <p>Satellite and Fringe Meetings It is anticipated that there will be a number of meetings occurring throughout the conference. Further information regarding these meetings will be mailed to delegates who have reserved a place prior to the symposium.</p> <p>Social Events The symposium dinner will take place on the Saturday evening. The evening will include the presentation of the hameln pharmaceutical oral communication, best posters, the overall winner of the Pfizer Pre Registration Poster Presentations and announcement of the UKCPA Lifetime Achievement Award winner. A disco will follow for those wishing to dance into the night. Please note that non healthcare care professionals are welcome at this dinner.
